FIVE NATIONS JOIN SEARCH FOR AVIATORS

Two Who Dropped Supplies To Nobile Will Scour Wastes

MORE PLANES READY

Two French Navy Ships Are Now Enroute to King's Bay

KING'S BAY, Spitzbergen, June 23—(INS)—Five nations were joined today in the search for Capt. Roald Amundsen, famous Arctic explorer, who left Tromsoe, Norway, almost five days ago accompanied by Major Rene Guilbaud and three others in a French plane and has not been heard from since.

Majors Maddalena and Penzo, the Italians who flew over Nobile's encampment yesterday and dropped additional supplies and radio equipment by parachutes, intend to scour the northern wastes for Amundsen today. They announced they will make a systematic search of the southern coast of Northeastland, Spitzbergen.

The Norwegian aviators, Capt. Riiser Larsen and Lieut. Luetzow Holm, will make similar flights over the west coast of Spitzbergen.

Three Swedish planes, including the giant hydroplane Upland, also will scour the Northlands. These planes passed over Nobile's encampment yesterday but were unable to land.

The Russian ice-breaker originally sent out to search for Nobile by the Soviet government, has altered its course and is now proceeding towards Northeastland to search for Amundsen at the request of the Norwegian government.

Two French navy ships are now enroute to this place to aid in the search. An additional Italian plane left Pisa yesterday to join the other Italian relief planes.

All fliers searching for Amundsen will also keep a sharp lookout for the ten other members of Nobile's crew who have not been heard from. Three of these were originally with Nobile's party but set out across the ice to seek aid. The other seven were separated from their commander when the Italia crashed on the morning of May 25.

TRADE NOTES

With the opening this evening of the Roseanne Dress Shoppe and Beauty Parlor on Mill street, "milady will find a place where she can get the right kind of hairdressing, the right beauty treatment, the proper style in frocks and millinery" state the operators.

Appointments may now be made for shampoo, waving, manicures, etc., at this new salon at 231 Mill street, and the dresses are of the latest materials and styles. The color offerings of the frocks are indeed pleasing, including figured, striped and plain materials in fine quality. A telephone call to 537 will aid in making a quick appointment for the beauty treatment.

Mrs. A. Levinson is in charge.

Since the doors of Steinberg's Dress Store opened at 213 Mill street, Friday morning, many folks have filed in and out, each with the desire to make needful purchases at big savings.

Those who took advantage of the great sale which commenced today were pleased with the aggregation of house frocks, girls' wash dresses, and costumes of silk. In the latter group there are shown flat crepes, printed silks, crepe de chine, and flowered chiffon.

For the housewife, who is desirous of replenishing her linen closet, Mr. Steinberg offers a fine selection of pillow cases, sheets, wash cloths, towling, etc., as well as a variety of yard material.

Undergarments and hosiery are to be had for the entire family at greatly reduced prices during the time of this sale.

McCole's Radio Shop has opened in new quarters at 515 Bath street and is featuring the Majestic all electric radio.

Mr. McCole has leased one of the attractive new stores and apartments built by M. Weissblatt at 513-515 Bath street. He is displaying a very fine line of Majestic radios and will be pleased to demonstrate them to those who are interested.

In addition to radios Mr. McCole will carry a varied line including house-hold articles and electrical appliances. He will continue to give his customers the character of service which he has always rendered.

"Used cars with an O.K. that counts" is a failiar sign these days, and the Weed Chevrolet Company at 1626 Farragut avenue, is enjoying a splendid used car business because of the excellent guarantee given with used Chevrolets handled there.

Grouped at the salesroom in the sixth ward are a number of 1925, 1926 and 1927 models, each having been thoroughly overhauled. A recent model one-ton truck is among the offerings as well as a number of pleasure cars.

BOLSTER FIGHT AGAINST NOMINATION OF SMITH

Appearance of Reed in Houston is Signal for Series Of Attacks

IN PERSONAL COMMAND

By WILLIAM K. HUTCHINSON
(I. N. S. Staff Correspondent)

HOUSTON, Texas, June 23. — The collective backbone of the loosely-drawn alliance, fighting the nomination of Gov. Al Smith, was strengthened considedably today with Senator James A. Reed, of Missouri, on the battleground, taking personal command of his own race for the Democratic Presidential nomination.

The very appearance of Reed in Houston apparently was the signal for a series of attacks, direct and indirect, on the Smith candidacy. As a result, the Reed followers were chanting an optimistic song around the slogan: "Reed Will Win; Win With Reed."

The "Fighting Jim" of Missouri Democracy was given a spectacular welcome to the convention city. Hundreds met his train, more hundreds thronged the lobby of his headquarteds hotel, where he held an impromptu reception and followers of a half dozen other candidates shook his hand and wished him well.

—Mr. and Mrs. Joseph McCarson, of Pond street, are entertaining Turner Risdon, of Norristown, this week.

—Mr. and Mrs. Joseph McGrail, of Edgely, spent Monday at the home of Miss Jennie Watkins, of Mansion street.

WELL KNOWN POEM OF WILCOX FORMS BASIS FOR ESSAY BY MISS HENRIETTA T. DAVIS

"Everyone Should Have Some Purpose in Life, Some Ideal," States Graduate in Her Address Which Delights Many

"Lifters and Leaners" formed the title of a most interesting essay presented at the commencement exercises Tuesday evening by one of the young women of the class.

By Henrietta T. Davis

Ella Wheeler Wilcox, in her poem, Lifters and Leaners, gives us the following words:

There are two kinds of people on earth today;
Just two kinds of people, no more I say.

Not the sinner and saint for its well understood
The good are half bad and the bad are half good.

Not the rich and the poor for to rate a man's wealth
You must first know the state of his conscience and health.

Not the humble and proud for in life's little span
Who puts on vain airs is not counted a man.

Not the happy and sad for the swift flying years,
Bring each man his laughter and each man his tears.

No, the two kinds of people on earth I mean,
Are the people who lift and the people who lean.

Are you a lifter, or are you a leaner? So many of us would rather be leaners, just because its so much easier.

Do we even think of those who lift, those who really do our share of work? Do we think how hard it is for them?

Everyone in this world should have some purpose in life, some ideal. Whatever his goal may be, he should try to attain it. Isn't it strange that so few of us do reach the top? The author of Lifters and Leaners also tells us that in this world there are twenty leaners to one lifter. There must be a great many leaners in the world, and a very few lifters. Everyone of us whether he realizes it or not, belongs to one of these classes. Think, are you a lifter, or are you a leaner?

The lifters stand up under their burden and carry on even when things look blackest. They inspire us and spur us on to greater things. They are strong and help to make others strong. They are the leaders, they blaze the trail, they are the pioneers, they are the ones upon whom the world itself depends. The lifters!

The leaners are just the leaners. There is no glory in being a leaner, no honor or no reward. Then, why be a leaner? Why sink to the depths when it is possible to rise to the heights? No, don't be a leaner.

You cannot be a leaner and a lifter at the same time. Every time you lean, even unconsciously, you become weaker. Everytime you lift, you become stronger, so much stronger. And it gives you such a satisfaction to know that you have contributed something to the world, no matter how small it may be.

Charles Lamb divided the people of the world into two classes, the lenders and borrowers. Do not the lifters give their very best to the world, and lend themselves whole-heartedly? And do not the leaners take all that is offered and lean upon it as a crutch? The lenders are the lifters and the leaners are the borrowers. Which would you rather be?

It makes no difference to the world whether you are a lifter or a leaner. You are the one concerned. In life we are all given a foundation on which to build. Whether we build up our life so that our attainment rests upon a firm strong base or upon one which crumbles and falls away, is ours to decide. You will never become strong by leaning, you will never accomplish anything by leaning. But to lift, is to live, to live our life as God would have us live it. What glory, what wonder, what satisfaction to be a lifter! Think again, are you a lifter or are you a leaner? Above all, are you satisfied with what you are.

As George Matthew Adams, says, "For as you lead, others are bound to follow. Example is influence. Example is inspiration. And inspiration is achievement pictured out. Lift, my friend, lift.

OFFICIALS CHOSEN FOR NEW BOROUGH

New Britain Boro' to Confirm Voters' Choice at Special Election on Tuesday

SNARL OVER STATUS

DOYLESTOWN, June 23.—The newly created borough of New Britain is going through the throes of incorporation.

Tuesday a special election will be held, at the direction of the Bucks County Court, to set up the town's official family, so that the municipality can begin functioning. Nominees were selected at a public meeting held recently and the ticket will go through without opposition.

Charles Miller will be named Chief Burgess. Borough Councilman will be Herman Voss, Francis Myers, Thomas Metteer, W. S. Fretz, William Liedau, W. H. Wunder and Herbert Lauer. All seven are to be elected. Other officials are: Assessor, Norman Haldeman; tax collector, A. Y. Miche; constable, David Black; auditors, Edwin H. Burkart, Jr., Herbert Haldeman and Joseph Taylor.

Incorporation of the municipal machine has been accomplished without friction or delay, but trouble has been encountered in the establishment of a school administration. Taxpayers in the new borough want a separate school district set up, but their proposal is being fought vigorously by New Britain and Doylestown Townships, from which the new borough was carved. Long delay is expected, as there will be a court fight against the granting of the petition.

Moose To Hold Carnival On Lawn of Home Tonight

The lawn party conducted for three evenings by Bucks Lodge, No. 1169, Loyal Order of Moose, will attract many people again this evening, it is presumed. It will also be held Monday evening.

The three-day event commenced last night, with a goodly crowd present. The proceeds will be used for the benefit of the Sunshine Fund of the local lodge.

At the fete, which is held at 900 Radcliffe street, the lawn of the Moose home, there will be offered ice cream and cake and dancing all for the price of admission. There will be a good orchestra on hand tonight and a big time is assured for all who attend.

NAMED AS DELEGATES TO LEGION CONVENTION

Bracken Post Selects Representatives to Go to Uniontown

TO ELECT OFFICERS

Commander W. Ray Smith and William Reilly, of the Robert W. Bracken Post, No. 382, American Legion, have been appointed as official delegates to the state convention of the legionnaires which will be held at Uniontown on August 23rd, 24th and 25th. George W. Croner and Arthur S. Zug have been selected as alternates.

Besides the above named delegates many of the Bracken Post men are planning to make the trip, the majority leaving Bristol by train on the evening of the 22nd. The Bugle Corps will attend in uniform and vie for some of the many prizes.

One of the high lights of the convention will be election of state officers, and the big parade is scheduled for Saturday, the 25th. In the line of march at York last year were ex-service men from every portion of Pennsylvania, and it took four hours for the parade to pass a given point.

It is expected that Pennsylvania will have 70,000 legionnaires in the numerous posts by the time of the convention, and between 15,000 and 20,000 will be in attendance at the convention sessions.

The American Legion Auxiliary will conduct its annual convention at the same time at Uniontown, and for this reason it is thought many legion men will be accompanied by their families. Several women of the local auxiliary will make the trip and enjoy Uniontown hospitality.

For those affiliated with the 40 'n' 8 Societie there will be the yearly promenade, as well as one for those women associated with the 8 'n' 40.

Bracken Post Desires Group Photo of Winners

Through the efforts of Robert W. Bracken Post, American Legion, it is hoped that a group picture might soon be taken of the 12 girls and boys of this vicinity who received the American Legion medals this spring.

If the group can be photographed within the next few days it is hoped the custom will continue in years to come, in order that more accurate records might be kept.

During the past several weeks awards were made to a boy and a girl from each of the following schools: Bristol borough public, Bristol township public, Bristol borough parochial, St. Charles parochial, Tullytown public and Bensalem township.

Legion Cadets Are Guests At Schwenksville Today

American Legion Cadets of Bristol are today having the time of their young lives at Schwenksville, where they, as well as several hundred other boys, are guests of American Legion men.

Transportation by bus was arranged from Bristol to the picnic grounds by Harry Burbank. This is a district affair, being in charge of the posts of the ninth district, comprising Bucks and Montgomery counties.

Many Legionnaires from the posts of the ninth district are present to look after the welfare of the boys, the lads in most cases being members of Boy Scout troops.

In the Bristol delegation are 45 youths, who left early this morning. Games, prizes and eats will keep the boys busy until late this afternoon.

HALF OWNER OF FIRM ALLEGES PARTNER MISMANAGED IT

Keasbey-Mattison President Is Charged With Misappropriating $1,632,528

DISSENSION IS BARED

Former Charges Latter Has Frozen Him Out of The Profits

NORRISTOWN, June 23.—Charges of unlawful acts on the part of its president, Richard V. Mattison, and mismanagement of the affairs of the Keasbey and Mattison Company, of Ambler, are made in a bill in equity filed in the office of the Prothonotary by Attorneys High, Dettra and Swartz in behalf of Henry H. Keasbey, owner of almost half of the stock in the firm, against The Keasbey and Mattison Company and Richard V. Mattison.

In addition to the plant at Ambler, the firm operates what was formerly the Traylor Shipyard, at Cornwells Heights, which they recently purchased.

It is alleged by Mr. Keasbey that for the last twenty years or more he has been more or less continuously a traveler and sojourner in foreign countries, and has relied upon Mr. Mattison to faithfully and properly manage and conduct the business and affairs of the company and has from time to time received the assurances of Mattison that he was doing so.

In May, 1927, Mr. Keasbey states, he returned from a sojourn abroad and because of information received by him concerning the management of the company by Mattison he made an investigation and as a result avers that Mattison has not managed the business and affairs of the company "fairly, lawfully and efficiently, but for many years has managed the affairs of the defendant company inefficiently and unlawfully, to the personal gain and benefit of the defendant, Mattison, and to the loss and disadvantage of the plaintiff, Keasbey.

Among other things it is alleged that:

"Mattison, disregarding his duty to the company and the plaintiff and for profit has so entered the Keasbey and Mattison Company in relations with other companies controlled by himself to the benefit of the latter and the detriment of the former. As a consequence Keasbey alleged he has been deprived for many years of his profits from the concern.

"The defendant company has for many years shown a large surplus but no dividends have been paid on eight per cent. cumulative preferred stock owned by the plaintiff to a large amount, $350,000."

During the last three years the books of the company have shown a combined capital and undivided profits surplus of more than six million dollars. Despite this fact, Mr. Keasbey says, Mr. Mattison, through his control of the board of directors, has prevented them from declaring any dividend upon the common stock since the incorporation of the company in 1892.

During this period, Mr. Keasbey alleges, the Keasbey and Mattison Company has loaned to Mattison large sums of money, aggregating a million dollars, and which on December 31, 1928, showed a total of $1,632,528. Mr. Keasbey contends that he has urged the board of directors to call for a repayment of these loans but they have refused, owing to the control which Mattison has over them.

The court is asked to decree:

That the Keasbey and Mattison Company demand the repayment from Mattison of the loans made to him, aggregating $1,632,528, with interest thereon.

That the Keasbey and Mattison Company pay all accrued dividends upon its preferred stock.

That the Keasbey and Mattison Company cancel every outstanding contract which defendant Mattison, it is alleged, has unlawfully caused to be made by it with the Asbestos Shingle Slate and Sheathing Company; the Ambler Asbestos Company; the Ambler Building Supply Company; the Ambler Springwater Company; the Mattison Trading Company and The Newtile Corporation.

To direct that the companies just named shall be ordered to account to the Keasbey and Mattison Company for all profits unlawfully made by them under contracts unlawfully made with them by the Keasbey and Mattison Company.

That Richard V. Mattison be compelled to account for all dividends he has received from the companies named during such time as he has held a majority of the stock therein.

That a receiver be appointed for the Keasbey and Mattison Company to operate and control the affairs of the company until such time as Keasbey and Mattison can agree upon interested and impartial directors and officers for the company; or, in the event that such an agreement cannot be made until the court shall order a sale of the assets of the company and distribute the proceeds thereof among its shareholders.

NO FINING MILLS WANTED

Benjamin G. Eynon, state registrar of motor vehicles, will find little sympathy—except from fining squires and their busy constables—for his proposal to split state motor fines with local municipal governments as an incentive for more rigid enforcement of traffic laws. Immediately the legislature authorizes such a division of spoils the state will be overrun with fining squires and fine mills.

Having but recently rid itself of these highway pirates, who not only held up the innocent with the guilty but by their bungling and greed caused more traffic troubles than they cured, Pennsylvania will ponder long before letting down the bars again. His official duties being only the registration of automobiles and drivers, the registrar cannot be expected to qualify as an expert on traffic control.

Eynon is under the impression that cities and towns are placing the full burden of traffic law enforcement upon the state highway patrol and state police, and that, because state agents must give their full time to patrolling state highways, there is inadequate enforcement within municipal boundaries. Someone is in error, for the belief is quite general among motorists and other private citizens that local police are regulating traffic and enforcing obedience to highway rules to the best of their ability and means.

A FUNDAMENTAL CROP

With all the attention given to the farmer and his problems, only a few people are turning their thoughts to what may become before long the fundamental problem of crop raising.

The tree crop has never been treated as agricultural; but, as population increases, the country will be compelled to focus all its agricultural knowledge upon the cultivation of forests. Nor will this be enough. To it must be added a forest wisdom that is not now possessed, a wisdom gathered from chemistry, biology and other basic sciences.

It is not merely that the supply of wood will become scarce if trees are cut more rapidly than they grow. Cities cannot exist without great supplies of water, and this in turn depends upon vast areas of water-bearing lands, a characteristic factor of which is forest growth of one sort or another.

Man does not know enough about trees to grow them on the scale which future consumption will require. Trying to feed a great population with only the natural fruits of the soil would be comparable to the present helplessness in regard to forests.

Compared with this basic problem of human support, the sentimental, aesthetic, recreational and even commercial uses of the forest dwindle considerably. Man cannot live by water alone any more than by bread alone. However, these other uses would all be met were there adequate "crops" of trees to assure a constant supply of good water and lumber for the present and posterity.

All play and no work shows Jack a blame fool.

Bunions
Dr. Scholl's Bunion Reducer instantly relieves bunion pains, reduces growth and preserves shape of shoe. 75c each.

Tired, Aching Feet
quickly relieved with Dr. Scholl's Foot-Eazer. Restores weak and broken-down arches. $3.50 per pair.

Corns
Dr. Scholl's Zino-pads stop pain at once. Remove cause, friction and pressure. Quick, safe, sure relief. 35c per box.

Special—Free Foot Comfort
DEMONSTRATION

Foot troubles are universal. Government records show that 7 out of every 10 adult people have some form of foot trouble. You are probably foot-miserable yourself. It may be only a corn, a callous, a bunion or some more serious trouble, such as weak and broken-down arches. You might not know the nature of your trouble but you do know that your feet ache, pain, and get all tired out on the slightest provocation.

Foot Expert from New York Coming
This man is from the personal staff of Dr. Wm. M. Scholl, the recognized foot authority, and demonstrates Dr. Scholl's Method of Foot Correction. Come in, on the above date, and meet him. It's well worth your time. There's no charge for this valuable service.

Free Pedo-graph Prints of Your Feet
In a few seconds' time, without removing the hose, he will make, without charge, a perfect print of your foot that positively shows if you do have foot troubles and to what stage the trouble has progressed.

Free Samples
Come in and get a free sample of Dr. Scholl's Zino-pads for corns. They remove the cause—friction and pressure. Instant, safe, sure relief.

"Catch Up With Progress"

Has the march of progress left *your* home sadly behind the times in those two essentials of good living—sanitary plumbing equipment and a radiator heating system?

Do you know that there is no *good* reason for doing without these modern, healthful conveniences?

Read how one family replaced their old-fashioned plumbing fixtures and wasteful heating system—and added more value to their home than the improvements cost—the story is told in June 23rd issue of the Saturday Evening Post—

"The House That Caught Up with Progress"

—then let us make a "health examination" of *your* home and tell you how you can do the same.

The examination will cost you nothing.

A GREAT DRAMA OF EVERYDAY LIFE
KING VIDOR'S PRODUCTION

"THE CROWD"

It is here now—a fascinating cross-section of life. The sweeping power, blending of laughter and tears, surging romance that moved the world in "The Big Parade" are in "The Crowd."

Perhaps in your own home this problem exists. The husband who starts with promise of greatness—beaten down in the struggle of life—the wife who tries to lift him up from the crowd.

Here is the true story of the millions of average men and women, told as only the director of "The Big Parade" could tell it.

A motion picture with a stirring message on marriage. A powerful film, full of the truths of life and love. A problem that may touch your own home.

SPORT NEWS OF THE DAY

Y. M. A. REPRESENTED AT REGATTA ON SCHUYLKILL

The Young Men's Association is represented today at East Falls in a number of events being staged at the annual regatta on the Schuylkill River there.

Swimming, diving and a number of paddling events are listed for the day, many of the races being participated in by the Bristol men.

Among the group who will probably take part are: Wilson Smith, John Smoyer, John Hardy, E. Harvison, "Porky" Earl, Russell Arrison, "Gunner" Corrigan, Albert Bauer, John Burtonwood, Howard Smoyer, Frank Smith, Lester Bailey and "Dee" Holland.

The regatta is sponsored each year by the East Falls Business Men's Association.

—Mrs. George Hibbs, Mr. Wilmer Hibbs and son LeRoy, of Mill street, motored to Philadelphia, on Sunday, and visited Mrs. Hibbs' son, Mr. Stanley Hibbs, and family.

—Miss Nora Jones, of Washington street, is in the Polyclinic Hospital, Philadelphia, under treatment.

EXPECT DIXIE WOLVIN TO DRIVE GREAT RACE

Motorcycle enthusiasts expect sensational performances from Dixie Wolin when he races in the motorcycle events at Amatol on the Fourth of July. Their expectations are based on what the young Philadelphia speedster did there on Decoration Day last, when he had the spectators on their toes.

Dixie is racing in two events in the amateur class on the Independence Day program being held under the auspices of the South Jersey Racing Association on the Atlantic City Speedway at Amatol, N. J., that afternoon. Wolin, who is a product of Philadelphia's Northeastern section and lives at 2827 Memphis street, is breaking into the big time in the motorcycle racing game, but adheres to his decision to retain amateur rating. The spectacular racing he did on Decoration Day, however, proves him to be a star performer and some predict that he will, ere long, be matched against the speediest pros. Wolin is well known and has a large following in motorcycle circles, through his employment in one of the motorcycle agencies in Philadelphia.

Wolin will be astride the Super X 45 cu. in. cycle on which he performed on Decoration Day. He is entered in the 15-mile, 10-laps, 45 cu. in. race and the 30-mile, 20 laps, 61 cu. in. race, notwithstanding the fact that in the latter race his cycle has a much less cubic inch displacement.

The big stars who are entered in the professional motorcycle races on the program will undoubtedly watch Wolin's performances. Entered in the professional events are Dick West the local speed boy, Dan Carlen of Newark, Eddie Rowley of Washington and many other outstanding performers.

The day's program also includes motor car events, the feature of which is a non-stock 100-mile speedway race. There will be other spectacular occurrences, such as a race aloft by two balloons, inflated on the grounds, and a race by parachutes from the balloons to the ground. There will be comedy features, such as a bicycle act, to be performed on the track in front of the grand-stands.

RAIN CAUSES POSTPONEMENT

By T. M. Juuo

For the third time this week the weatherman caused the postponement of a Twilight League game. St. Ann's and the Independents were scheduled to settle their tiff before Old Man "Jupe" Pluvius strutted his stuff.

LIFETIME
ELECTROLUX
the new
GAS
Refrigerator

THIS is one refrigerator that should literally give a lifetime of service. When you're through with it you should still be able to hand it down to your children in perfect condition.

The life of most refrigerators is limited to the life of the operating mechanism, and moving parts will wear out. The Electrolux, however, operates on an entirely new principle, discovered by scientists at the Royal Technical School of Sweden, in 1922, and since then put through six years of practical test.

There are no moving parts, no mechanism at all in the Electrolux. Consequently there is no noise. Cold is produced by the heat from a tiny gas flame. The action is perpetual, and the operating cost only a trifle. There is not a thing to wear out or give trouble.

Though there are thousands of Electrolux Refrigerators operating today, their purchase, like that of all automatic refrigerators, has thus far been mostly limited to homes that had enough money to make a substantial initial investment.

This is not true today. On the basis of our present liberal terms the Electrolux is within reach of all. $25.00 puts it in your home. You have eighteen months in which to pay the balance—in small amounts that you'll scarcely feel.

If you've ever thought about owning an iceless refrigerator, if you've ever hoped to own one—this is your great opportunity. Until you've seen the Electrolux you haven't seen perfect refrigeration. Ice by gas is sweeping the country. Never have engineers approved a new product more enthusiastically, after putting it to every conceivable sort of test. Hundreds of leading public utilities are now selling it.

If you'll come to our display room you'll see the complete line of models, with sizes to suit every family and every kitchen. One of the most interesting features of the display, aside from the magic way the refrigerator operates, is the lovely color combinations in which it is offered. In addition to white you will see Ivory Tan, Silver Grey, Biscay Blue and Crystal Green.

These colors harmonize wonderfully well with modern schemes of kitchen decoration. They are obtained by a special new "veiling" process that is exclusive with Servel, the well-known company that makes Electrolux. Prices range from $225 to $550, f.o.b. Evansville, Ind.
